To Whom it May Concern,

Jon Maggio was employed on a freelance basis over the Fall and Winter months of 2005 here at my company, Plank Multimedia. Jon was responsible for working with our team on one of the largest and most sensitive projects of ours, the development of a new website for Right & Democracy, Canada's leading human rights organization.

Jon was responsible for managing and preparing thousands of documents and redeveloping them into a standards compliant, XHTML compliant format. In doing so, he showed a high level of skill with modern web technology and a mastery of web coding.

Jon excelled at the tasks that were given to him and always had a positive attitude at our office. He's been a pleasure to have on our team on a freelance basis and I believe his professionalism would be a benefit to any work environment.

If you have any questions for me, please be in touch at 1-514-875-0003.

Sincerely,

Warren Wilansky
